operational
flexibility.*

CELL TOWER BACKHAUL

Expertly managed from site walk to turnup.

CUSTOMIZED REPORTING

Track the status of projects instantly. Deliver current, concise and accurate data on demand.

QUALITY CONTROL

Ensuring your specifications are met and restoration at work sites is completed quickly and cleanly.

TECHNICAL STAFFING

Technical resources with the knowledge and experience to bring your projects in on time and on budget.

MATERIALS MANAGEMENT

We make sure materials are where they need to be when they need to be there. Just-in-time inventory principles ensure capital is working, not sitting on a shelf.

FIBER BUILDS

PRG has the experience and technical knowledge to get it done on time and on budget.

OPD

We have a proven track record of successfully resolving outside plant damage claims, returning the highest possible amount to your budget.

COMMERCIAL CONSTRUCTION

Our professional, experienced technical staff will make sure your specifications are met in the field. Additionally, we verify that all documentation and as-builts are complete and correct.

WHY PRG?

Since 2001, PRG has been a leading provider of communication construction management, network infrastructure, plant damage investigation and recovery.

PRG's leaders include well-known and respected executives from the communications and cable industries. They bring years of expertise from careers with major service providers.

We build solutions that help drive sustainable profitability, conserve resources, improve efficiency, better customer relationships, and increase earnings.
